

China New Economic Engine Index

Aug. 2019

Design

- Apply Smart Beta investment strategy
- Select strongest, fastest-growing emerging listed companies as measured by R&D investment and financial health
- Distribute weights based on their growth and liquidity

Features

- Exposure to light asset, high growth, high R&D investment and high quality risk factors
- High investment capacity, high liquidity and low turnover
- Overweight on high-tech, light-asset and high R&D firms
- Capture the technology-led economic growth in China

Basic Information¹ (As of Aug. 31, 2019)
